

Sun is Rising by Joy Adams

Chorus:

the sun is rising rising rising
o'er the mountains and the valleys
birds are singing, singing, singing
for the dawn of a brand new day

leave behind your sorrows
what's done is done and gone away
older now and wiser still,
face the dawn of a brand new day

(chorus)

love the air you're breathing,
'tis a gift to keep on living
always be believing
in the dawn of a brand new day

(chorus)

(chorus)
